426	22	Adam, B. J., Store	The corner of 1st Street, running between Main St. to Washington Street	Louisville, KY	Undated	Commercial	Not listed	N/A	10	Architectural and Structural construction drawings on heavy paper. Three oversized drawings include: a hand-colored floor plan of basement and 1st floor; a longitudinal section of the six story building; hand-colored floor plans of the basement, cellar and 1st floor. Additional drawings include the Washington Street front (with stonework directions); a hand-colored floor plan of the 2nd story showing the Galt House and signed William James; a plan of part of the 2nd story; an ink and pencil sketch of the ground plan; a hand-colored plan of the Main Street facade and stonework includes directions for finishing the stone; and drawings of the upper part of the Main Street elevation.	Wrapper discarded. Several of the drawings contain specific instruction for the stonework. The Main Street façade was to have bushammered plinths and columns, and fine quality limestone was to be quarried from the White River Quarries.	Yes	No
427	22	Ahrens & Ott Brassworks (additions & alterations)	5th Street between Main Street & River (119 North 5th Street)	Louisville, KY	1892-1937	Industrial	D. X. Murphy & Bro., Architects	N/A	44	Architectural, structural and mechanical construction drawings on heavy paper, drafting linen, blueprint paper and tracing paper. Drawings include pencil-sketch working drawings; longitudinal section; plan of furnace pipes; detail of window condensation gutters; cross section; carpenter details; floor plans of cellar, first, second and third stories; side elevations; drawings showing extensions to brassworks building; plan and elevation of old wall between Ahrens & Ott and Peaslee-Gaulbert Co.; detail of presses from 1937; reinforcement of arch on first floor; floor plan of basement; transverse sections; foundation plan; section through skylight; facade elevation; pencil drawing of old building (located on Bullitt Street between Main and River); north and rear elevations; and plans of foundry. Drawn by D. X. M.	Wrapper discarded. One drawing in the roll is embrittled- it is wrapped in archival paper and access is restricted unless absolutely necessary.	No	12/262
428	22	Albrecht, Gus, Residence	Everett Avenue, near Longest Avenue	Louisville, KY	July 5, 1904	Residential	D. X. Murphy & Bro., Architects	N/A	4	Architectural and structural construction drawings. Drawings on drafting linen and include section with detail of roof; plot plan; floor plans of basement, first and second floors, and roof; drawing with front, side, and rear elevations. Drawn by G. A. K.	Wrapper discarded.	Yes	No
429	22	American Tobacco Co., Building "E," SE Loading Platform	Broadway & 17th Street	Louisville, KY	1949	Industrial	D. X. Murphy & Bro., Architects, Inc.	N/A	1	Structural drawings and details for the loading platform. The drawing is a copy of the original. Drawn by A. L.	There was no wrapper. Also, the date of the drawing is well after the period D. X. Murphy was associated with the firm.	No	No
430	22	American Tobacco Co., Finzer Bros. Plant (additions)	Jackson & Jacob Streets	Louisville, KY	February, 1890	Industrial	D. X. Murphy & Bro., Architects	N/A	25	Architectural and structural construction drawings showing additions to Finzer Bros. Plant. Drawings on drafting linen, heavy paper, tracing paper, heavy graph paper and one blue print. Drawing media includes ink and pencil. Drawings include floor plans of the five stories; west side elevation; north elevation; elevation on Laurel Street; sections and details of ironworks, roof truss system; and a transverse section through the new addition.	Wrapper discarded.	Yes	No
431	22	Anderson, W. G., Store & Warehouse	Main Street * See Notes Field (Store) & 6th Street (warehouse)	Louisville, KY	Store undated; Warehouse dated March 1863	Commercial	Architect for store not listed; Henry Whitestone listed as Architect for warehouse	N/A	12	Architectural and structural construction drawings. Drawings on heavy paper. Drawings include two for W. G. Anderson's Store and one for C. W. Anderson's Store. The drawings for the W. G. Anderson include a floor plan of the four-story building; and a mechanical drawing of the ceiling joist layout. The facade elevation for the C. W. Anderson store shows the joints and sizes of stones. Additional architectural drawings include hand-colored pen and ink drawing of the rear front and section of walls for store; plan and section of warehouse on 6th street; two sketches of first story of store; mechanical section showing mode of connection for store; transverse sections of rear and front walls of store; two floor plans of second floor of store; and a working drawing in pen and ink of cast iron front of store.	The project roll did not have a wrapper. The difference in names may represent a simple transposition of letters - there is not enough detail in the drawings to state conclusively. In the 1865 City Directory, W. G. Anderson is associated with the Thomas Anderson Co., located at 203 Main Street, between 5th & 6th Streets. It is likely that the business listed in the Directory and the one in D. X. Murphy & Bro., Architects collection are one and the same.	Yes	No
432	22	Auburn County High School (additions)	Not listed	Auburn, KY	1911 - 1912	Educational	D. X. Murphy & Bro., Architects	N/A	11	Architectural, mechanical, and structural construction drawings on drafting linen. Drawings include sections; rear elevations; second floor plan showing roof structure; side elevations showing additions to school; foundation plan marked "rejected"; basement plan showing heating system; floor plan of assembly hall; first floor plan; and first floor plan marked "rejected". Drawn by F. W. B.	Wrapper discarded.	No	No

433	22	Baird, Mrs. Martha, Residence	714 E. Broadway	Louisville, KY	July 1885	Residential	D. X. Murphy	Fred Hoertz (role is uncertain, likely the contractor)	11	Architectural and structural construction drawings on heavy paper and drafting linen. Drawings include a north elevation, east and south elevations; plot plan; plan of cellar and foundations; plan of bush-hammered base; details of carpenters and joiners work; longitudinal and transverse sections; plan of second and attic floors; plot plan with privy/shed design; front and north elevation (digital image available); and plan of cellar and foundations.	Wrapper discarded. The 1886 City Directory listed Mrs. M. T. Baird as a school teacher in the 5th Ward.	Yes	12/189
433a	22	Baumeister, John, Residence	East Broadway	Louisville, KY	1884	Residential	Not listed	N/A	4	Architectural and structural construction drawings on heavy paper. Drawings include a floor plan that contains no identifying markers but depicts a floor plan that is 61'6"1/2x31'6". Another drawing, the only that appears finished, details the carpenter's framework, including a roof plan; main and rear cornices and a main roof deck. The next drawing shows three floor plans with rooms that are not identified by intended use and function but are as follows, first floor: 5 rooms, 1 hallway; second floor: 5 rooms (including one bathroom) and a powder room with vanity; third floor: 3 rooms and 1 hallway. Final drawing shows two side elevations; neither elevation includes exterior finishes or ornamentation but doors and windows are drawn with accompanying measurement. Each floor includes a height (first: 11'6", second: 10'6", third: 8'6") with height between each floor (15" between first and second and 12" between second and third). A foundation measurement o f 3'6" is also listed.	Wrapper discarded.	No	No
580	ovsz.	Baurmann, G., Store	289 West Main Street	Louisville, KY	July 15, 1865	Commercial	Not listed, likely Henry Whitestone	Snead & Co., (ironworks); John Hampton - (carpentry); and Michael Fillion - (stonecutter/mason)	11	Architectural and structural construction drawings of listed building. Drawings are on heavy paper, and are pen & ink. Drawings include: hand-colored details of cast iron work; working plan of stone and iron work for the façade; plan of the foundation for the front wall; details of the rear doors and iron columns; framing plans for the four-story building including the ceiling and roof; facade elevation; hand-colored details of cast iron work; longitudinal section; detail of ashlars and iron work; and plans of the roof and third & fourth stories.	Wrapper discarded. Multiple drawings signed Snead & Co., and Michael Fillion and John Hampton signed on other drawings. Michael Fillion is listed in the 1865 Louisville City Directory as a stonecutter, and worked with H. Whitestone on other projects. John Hampton is listed as a carpenter in the same directory. Both were traced back to the 1855 directory. The 1865 City Directory lists G. Baurman [sic] as owner of a hardware and merchant store at this address.	Yes	No
434	22	Bickel, C. C., Residence (additions & alterations)	1438 East Broadway	Louisville, KY	1885	Residential	D. X. Murphy	N/A	2	Architectural construction drawings on heavy paper and drafting linen. An ink drawing on drafting linen shows the first-story floor plan of the house and includes additions and alterations in red ink. The drawing on heavy paper shows the front and side elevations of the three-story late-Victorian home.	Wrapper discarded.	Yes	No
435	22	Bickel, C. C., Residence (additions & alterations)	1438 East Broadway	Louisville, KY	1885	Residential	D. X. Murphy	N/A	3	Additional architectural construction drawings for the Bickel residence. Drawings on drafting linen and heavy paper. Drawings include plan of foundations; rear and side elevations; and floor plans of first, second and third stories.	The project roll did not have a wrapper. It is believed that at some point these drawings were separated from the original roll.	No	No
436	22	Bickel, C. C., Store (alterations)	528 W. Main Street * (See Notes Field)	Louisville, KY	1881; 1903 alterations	Commercial	D. X. Murphy & Bro., Architects	Winslow Elevator & Machine Co. Chicago, Illinois; and Globe Tailoring Co. (role is	23	Architectural, structural, and mechanical construction drawings for improvements to the existing structure. Drawings on heavy paper, drafting linen, and tracing paper. Drawings include floor plans for each of the six stories (including the basement); details for an iron sidewalk chute; details of stonework; longitudinal and cross sections; an east wall schulten (?); plans and elevations for the rear two-story storehouse; front and rear elevations of the main building (digital image available); a structural drawing of escape routes; and plans for a freight elevator.	Wrapped in discarded architectural drawing for extensions to St. Elizabeth's Hospital in Lafayette, IN by D.X. Murphy & Bro., Architects - labeled 149 (box 36). The 1885 City Directory lists the address for the C. C. Bickle & Co. cigar manufacturing plant at 538 & 540 West Main Street, while D. D. Murphy listed it at 528 West Main Street.	Yes	No
437	22	Biehl, Louis, Residence	37th & High Streets	Louisville, KY	1909	Residential	D. X. Murphy & Bro., Architects	N/A	6	Architectural and structural construction drawings on drafting linen. Plan for press (built-in storage); detail of cased opening between parlor and reception hall (includes detail of column capital and base); first floor plan along with structural plan of foundation and cellar; attic and roof plan, along with plot plan and detail of section of cornice showing cut stone columns; front and east elevations; and north and west elevations. Drawn by G. A. K.	The project roll did not have a wrapper. Written in pencil is the estimated cost of the project - $5,120.	Yes	No

Murphy & Bro., Architects	N/A	1	Architectural drawing on heavy paper mounted on board. The drawing shows the mezzanine floor plan and individual offices.	The drawing is filed in an oversized archival folder. The drawing is fragile, please handle with care.	No	No
451	23	Clay & Jacob's Stores	Main Street, between 1st & Brook Streets	Louisville, KY	c. 1860-1880	Commercial	Not listed	Michael Fillion & Co. (masonry); Daniel	15	Architectural and structural construction drawings on heavy paper. Drawings include floor plans; framing plans; sections; longitudinal plans; plans of the individual stories; designs for two warehouses; transverse sections; and front elevations (digital image available).	Wrapper discarded. Many of the drawings were signed by either Daniel Heybach Jr., or Michael Fillion.	Yes	No
452	23	Clay & Jacob's Stores	Main Street between 1st & Brook Streets	Louisville, KY	c. 1860-1880	Commercial	Not listed, likely Henry Whitestone	N/A	1	The hand-colored drawing depicts the front façade. The drawing is torn in two, and access is restricted unless it is absolutely necessary to view it.	Access is restricted due to condition.	No	No
453	23	Coke, J. G., Residence (improvements)	242 4th Street, North of Walnut Street	Louisville, KY	c. 1860-1871	Residential	Henry Whitestone	N/A	4	Architectural, and structural construction drawings on heavy paper. Drawings for J. G. Coke's residence include plans of bricklayer's work; and floor plans of cellar, first, and second stories. The floor plans include details of presses, double parlor, and store room for china.	Wrapper discarded. The 1871 City Directory listed the Coke Residence at this address, while Henry Whitestone listed the address as simply Walnut Street. J. G. Coke was a partner in the law firm Coke and Arbegust. See Box 4/53-57 and 19/393 for other projects associated with J. G. Coke.	No	No
454	23	Deally, James, Residence (Double Residence)	Jefferson Street between 18th & 19th Streets	Louisville, KY	Undated	Residential	D. X. Murphy & Bro., Architects	James Kell & Co. (role is uncertain, likely the	4	Architectural and structural drawings on drafting linen. Drawings include rear elevation; plan of cellar and foundations with floor plans of the first and second floors; plot plan of double dwelling; and a side elevation.	Wrapper discarded.	No	No
455	23	Deally, James, Residence (improvements)	913 3rd Street	Louisville, KY	c. 1900-1910	Residential	D. X. Murphy & Bro., Architects	N/A	16	Architectural and structural construction drawings on heavy paper and drafting linen. Drawings for three story Italianate residence include floor plans of foundations, first and second floors; multiple front and side and rear elevations (2 digital images available); plans showing improvements to residence; plan of roof; plumber's plans (showing the stable); plumber's and electrician's plans; framing plans; and details of stonework.	The project roll did not have a wrapper. Many of the plans on heavy paper appear to be examples of hectographs - a common method between 1870-1920 to reproduce architectural drawings. The residence provides an early example of indoor electricity.	Yes	No
456	23	Dean, A. B., Residence (a.k.a.Harry Bishop's House)	Bardstown Road	Jefferson Co., KY	c. 1875-1885	Residential	D. X. Murphy	N/A	13	Architectural and structural construction drawings on heavy paper. Drawings include plans of foundations; plans of roof; floor plan of cellar and foundations; plans of bush-hammered stone work; pencil sketch of plumbing in the area; details of exterior brickwork; floor plan of first story; rear and side elevations; front elevation; and oversized plan of vitrified walls and roads at Harry Bishop's residence.	Wrapper discarded. It is not clear what the two different names associated with the property mean - they appear to be the same building.	No	No
457	23	Douherty, Rev. Bernard, Residence (alterations)	Not listed	Payneville, KY	1911	Residential	D. X. Murphy & Bro., Architects	N/A	4	Architectural and structural construction drawings on drafting linen and blueprint paper. Drawings include elevation of chimney; itemized list of carpenter's work; floor plans of cellar, first, and second stories (showing alterations to residence); north, south & front elevations. Drawn by G. A. K.	Wrapper discarded.	Yes	5/72
458	23	Eclipse Woolen Mills, Henry W. Barret Co. (additions and alterations)	Walnut & Garden Streets	Louisville, KY	1884-1887	Industrial	D. X. Murphy	N/A	18	Architectural and structural, and mechanical construction drawings on heavy paper, drafting linen, blueprint paper, and graph paper. Drawings include plot plans; working pencil sketches; floor plan of cellar; elevations of roof trusses; elevation and section of chimney (on back of discarded hand-colored drawing for unidentified building); plans for addition to picker's house; elevations and details of doors and windows; plans of additions to dye house (includes east elevation of dye house); detail of iron work for entrance door; and a hectograph facade elevation.	There was no wrapper. Hectographs were a common method between 1870-1920 to reproduce architectural drawings. The 1885 City Directory lists the address of the mill as Garden Street, near Green Street.	Yes	No
459	23	Ellmer, Henry, Cottages	West side 26th Street between Market & Jefferson	Louisville, KY	1908	Residential	D. X. Murphy & Bro., Architects	N/A	3	Architectural and structural construction drawings for cottages (commonly referred to in the vernacular as 'shot gun' houses). One drawing on heavy paper is a site plan, possibly showing grading of the site; a floor plan on drafting linen; and drawing showing the row of three cottages. Drawn by G. A. K.	Wrapper discarded.	No	12/272

582	ovsz.	Harlan, General John M., Residence	SS Broadway, between 1st & 2nd Streets	Louisville, KY	between 1861-1877	Residential	Not listed, likely Henry Whitestone	N/A	3	Architectural drawings of three story Italianate residence. Drawings are flattened, mounted with archival matting, and well preserved. The drawings are on heavy paper and are hand-colored. They include a front elevation and floor plans of the first and second stories.	The drawings are filed in an oversized archival folder. General Harlan moved to Louisville in 1861, and was a U.S. Supreme Court Justice beginning in 1877, the year he left Louisville. See *The Encyclopedia of Louisville* , page 368 for more detailed information. The 1874 City Directory lists the residence at this address.	Yes	No
467	24	Harlan, General John M., Residence (additions & alterations)	SS Broadway, between 1st & 2nd Streets	Louisville, KY	between 1861-1877	Residential	Not listed, likely Henry Whitestone	N/A	11	Architectural, structural and mechanical construction drawings on heavy paper and drafting linen. Drawings include plan of first and second stories outlining plumber's work; front elevation of three story Italianate home; plan of cellar and foundations; floor plans showing second and third stories; framing plan of roof includes section through roof; section and detail of roof cornice; drawing and detail of Oriel window on Westside of new addition.	Wrapped in discarded mechanical blueprint construction drawing for the Waverly Hills Sanitarium, Valley Station, KY- labeled 144. Please refer to the note above concerning General Harlan.	Yes	No
467a	24	Hennings, Samuel C., Residence (additions and alterations)	Cherokee Park	Louisville, KY	1911	Residental	Not listed	N/A	11	Architectural drawings on heavy blue print paper. Drawings include plans for: attic, roof, foundation, first and second floors. Also present are elevation drawings showing the NW, SE, SW and NE vantages. A section drawn on the main axis is also included. Finally, two copies of a 1/4 inch scale detail of the interior finishes (salon, ante chamber, drawing and living rooms). Home address is 1801 Sulgrave Road.	Wrapper discarded	Yes	12/289a
468	24	Higgins, William Residence	St. Catherine Street, between 5th & 6th Streets	Louisville, KY	Undated	Residential	D. X. Murphy & Bro., Architects	N/A	8	Architectural and structural construction drawings on drafting linen. Drawings include floor plan of foundation and cellar; front elevation; floor plans of first and second stories; section showing cornice under the front gable windows; east side elevation; west side elevation and cross section of residence; and elevation of doors and moldings.	The project roll did not have a wrapper.	Yes	No
469	24	Higgins, William, Residence	St. Catherine Street, between 5th & 6th	Louisville, KY	Undated	Residential	D. X. Murphy & Bro., Architects	N/A	1	Architectural drawing on drafting linen showing the rear elevation.	The project roll did not have a wrapper.	Yes	No
470	24	Hillerich, Lena, Residence	26th & Chestnut Streets	Louisville, KY	Undated	Residential	D. X. Murphy & Bro., Architects	N/A	6	Architectural and structural construction drawings on drafting linen. Drawings include floor plan of the second floor with plan of attic; plan of first floor with plan of foundation; façade elevation; rear elevation; side elevations.	Wrapper discarded.	Yes	12/193
471	24	Holy Mary's Church	Not listed	Calvary, Marion County, KY	c. 1890-1900	Religious	D. X. Murphy & Bro., Architects	N/A	18	Architectural and structural construction drawings on drafting linen. Drawings include a "cancelled" side elevation; rear elevation; front elevation; "cancelled" front elevation and transverse sections; "cancelled" longitudinal section; transverse sections; longitudinal sections; side elevation; section through roof showing trusses; side elevation; plans of foundations & first floor of church. Drawn by D. X. M.	Wrapper discarded.	Yes	No
472	24	Indiana Cotton Mill, Electric light plant	310 Washington Street	Cannelton, IN	June 30, 1900	Industrial	D. X. Murphy & Bro., Architects	N/A	12	Architectural and structural construction drawings on heavy paper and drafting linen. Drawings include first, second, and third floor plans; a pencil sketch of floor plan; basement floor plan; attic floor plan; third floor plan; second floor plan; first floor plan; plot plan; basement plan; and a small sketch on tracing paper. Drawn by A. R. S.	Wrapper discarded. The cotton mill became a National Historic Landmark in 1991. The original building was completed in 1851, and was designed by Rhode Island architect Alexander Tefft. Mss. document dated August 1, 1890 "Survey of Indiana Cotton Mills" separated to ovsz. folder number 597. A roll of severely embrittled notes/sketches original to the project roll are bound and located in the center of the roll. Access is restricted to this portion due to fragility.	No	597 ovsz.

473	24	International Harvester Co. (McCormick Harvesting Machine Company)	208-210 1st Street	Louisville, KY	October 1903-March 1904	Industrial	A. M. F Colton, Architect	D. X. Murphy & Bro., (additions & alterations) Jos. McWilliams & Co.	12	Architectural construction documents for two story industrial building. Drawings include floor plans of basement, first & second floors; longitudinal section; front elevation; and details of front and interior cabinetry. Roll also includes sketches, specifications, calculations for brickwork; and mechanical drawings by Jos. McWilliams & Co. for first floor heating. Drawing media includes pencil on graph paper, ink on heavy paper, color ink on drafting linen, and blue prints.	Wrapped in discarded shop drawing of mechanical plans for St. Francis Hospital, Beech Grove, IN, dated 1 January 1930; labeled 148 Sketches signed J. D. B.	No	12/212
474	24	Irvin's Vault, Captain J. F.	Cave Hill Cemetery	Louisville, KY	1867	Funerary	Henry Whitestone	N/A	5	Architectural drawings on drafting linen and heavy paper. Drawing media is pen and ink. Drawings of Gothic mausoleum include a façade elevation; a section/detail of the stonework; a ground plan; a hand-colored façade elevation with a detail of the stonework; and a drawing showing a front and side elevation.	Wrapper discarded. Captain J. F. Irvin was a successful riverboat captain. His mausoleum is located in section P, lot D in Cave Hill Cemetery.	Yes	No
583	ovsz.	Irvin's Vault, Captain J. F.	Cave Hill Cemetery	Louisville, KY	1867	Funerary	Henry Whitestone	N/A	1	Architectural presentation drawing flattened and mounted with archival matting and Mylar film. Drawing is on heavy paper with hand coloring and is in good condition. Drawing depicts Captain Irvin's Vault and the surrounding landscaping in a cemetery setting.	The drawing is filed in an oversized archival folder. Please refer to the note above for more information concerning Captain J. F. Irvin.	Yes	No
475	24	Jacob's Row	South side of Main Street between 2nd & 3rd Streets	Louisville, KY	Undated, c. 1850s	Commercial	Not listed- likely Henry Whitestone	Snead & Co. Ironworks	30	Architectural and structural construction drawings on heavy paper and drafting linen. Drawings include floor plans of four stories, as well as the cellar; drawing of cut stone work; rear elevations; cross sections; details of ironwork; longitudinal sections; and two oversized drawings.	Wrapper discarded. One of the buildings is identified as Miss Lizzie Jacob's Building, the other as the Honorable C. D. Jacob's Building. Another drawing lists Mrs. J. B. Clay's Store next to Miss Lizzie Jacob's store.	Yes	No
476	24	Jacobs, Hon. Charles D., Building (improvements)	SE corner 3rd & Main Streets	Louisville, KY	1874-1881	Commercial	Henry Whitestone, lead architect, and D. X. Murphy assisting	N/A	13	Architectural and structural construction drawings on heavy paper and drafting linen. Drawings include plans of the first through fourth stories; front elevation; framing plans of first through fourth stories and roof; front & side elevations; plans of sill course; plinths and base course; plan of first story doors and fixed sash for front & return on 3rd Street.	Wrapper discarded. The first floor housed a bank, and the second floor an insurance company. The project roll contained several duplicate drawings. See *The Encyclopedia of Louisville* , page 429 for more information regarding Jacob.	Yes	No
477	24	Jacobs, Hon. Charles D., Building (improvements)	SE corner 3rd & Main Streets	Louisville, KY	1874-1881	Commercial	Henry Whitestone, lead architect, and D. X. Murphy assisting	Mr. Stengel (role is uncertain, likely the stonemason)	25	Architectural, mechanical, and structural construction drawings on heavy paper and drafting linen. Drawings include front elevations; multiple floor plans of the first through fourth floors; side elevations; plan of front wall of cellar; plan of flagging; pencil working drawing of front elevation; section through truss; plan of cellar & foundation; detail of 3rd Street elevation; framing plans; list of sills, lintels, etc. required for the building; plan of front wall of first story with plan of front wall of cellar; ink mechanical drawing of elevator mechanism (? - the drawing does not state what the device functions as, and this is only an educated guess); and section of cornice & roof.	Wrapper discarded. On the eighth sheet, D. X. Murphy writes, "Mr. Stengel, Mr. Whitestone wishes you to send him a proposal for the flagging for Hon. Chas. D. Jacobs Building corner 3rd & Main, as shown in this drawing. The flagging is to be of the 10th ledge city quarry stone. Respect. D. X. Murphy" Please refer to the note above for more information regarding Jacob.	Yes	No
478	24	James, S. R., Residence	Douglas Place (Boulevard)	Louisville, KY	Undated	Residential	D. X. Murphy & Bro., Architects	N/A	4	Architectural and structural construction drawings on drafting linen. The drawings include a front and rear elevation; one sheet with cellar, first and second floors, and attic plans; side elevations.	Wrapper discarded.	Yes	No
479	24	Jewish Hospital, (Old)	Floyd & Kentucky Streets	Louisville, KY	1903 & 1908-1909	Medical	D. X. Murphy & Bro., Architects	Snead Architectural Iron Works, Louisville, KY; Harris, Craven & von Borries, Louisville, KY, (role is uncertain); American Steel	59	Architectural, structural and mechanical construction drawings. Drawings on drafting linen, waxed graph paper, tracing paper, and blueprint paper, and include: first floor plan; plumbing plan; plan for ice door; proposed scheme of reinforcement of floor slabs; plans of basement, first, second and third floors; longitudinal section looking west; west and alley elevations; multiple framing plans; plans of dumb waiter; laundry room plans; front elevation; plot plan; rear elevation; longitudinal section of original building; roof plan; side elevations; details of presses (for provision and serving rooms); detail of main entrance; details of doctor's lockers; and plan showing additions and alterations. Drawn by J. D. B.	Wrapper discarded. Included in the project roll is a letter from Snead Architectural Iron Works, dated April 17, 1909, asking for approval of the dumb waiter plans for Jewish Hospital. In pencil at the bottom of the letter is a note written to P. J. M. to "get busy." See also *The Encyclopedia of Louisville* , page 403 for more information on the hospital. The original plans date to 1903, and the additions and alterations to the building date to 1908-1909.	Yes	No
