127 acres

Desirous at your request I send you a plat
and field notes of one hundred & twenty seven acres
of land adjoining Mr Purdy for the benefit of
Mr John Bui who has the woman duty to take
care of. After making some inquiry & from my
own knowledge of the lands I concluded it would
be right and fair to allow Mr Bui the one hundred
and twenty seven acres a follows to wit
Beginning at two blackoaks (one of them) being a corner Purdy's line
with Purdy's line S 4 E 163 poles to a white oak thence S 34 27 W
123 poles to a rock marked A Thence S 86 E 96 poles to a rock
marked A Thence S 7 E 123 poles to a blackoak never a found
Thence S 33 W 206 poles to the Beginning.

You will perceive the calls are altered one degree in order to follow the
old lines which we did without difficulty

Mr Bui has paid me four dollars which is all the charge I make
You can mail the deed to John Bui at Gordonsville Logan
Dry or to me at Daysville Food Co by any one that you best

Respectfully

Dear Sir,

I shall now try to let you know what I have been doing for you here - Since I last wrote you I have been so unfortunate as to lose my wife. She died on the 21st January with a firm hope of happiness hereafter. I now have two little girls 6 & 3 years old; a tremendous responsibility.

I submit the following statement:-

Amount rec'd on Dr B Bibb, note \$30.00 By ant p^r Ben Bibb \$30.00

I hired Phil last year to Mr Faerg for \$30- for Cornelia I have received nothing - she agreed to pay \$25- but she was sick the most of the time, & I do not expect to get any thing. I hired her this year to a Mr Thomas for \$20- & he takes all liabilities for sickness etc. I have not hired Phil yet, every man I send to him, he tell him his back is so weak he can't labor & try & hire him to some kind man who won't work him too hard - I have not seen Saffarians since you wrote, about Venus & Sylvia, they are with him - Tom Lyons has Frank again this year - Frank says he would like

live nowhere else - you & myself could not agree
on the price, & we have agreed to let Mr Higgin's
settle it. Henry was equally obstinate as
Frank & said he would live with no one
but Mr T. Green & Mr Green would give only
\$110 for him. I could have obtained \$150 as
easy. I send Polk & Marion to Jno R Morton
again for \$150 & \$100. Mr H C Gillum gets
Charlotte for \$50 & Mr Knowles Sarah for \$50.
I have done nothing with Louisa - She is
living with Randal. I have had no settle-
ment with Martha about Louisa's board; from
what I can learn Louisa's work was more
than worth her board & lodging. Louisa
is again encouraged - shall pay her ^{Martha} nothing unless ordered by you.
Ben has sold his house & lot - shall I appro-
priate the rent for last year as Ben tells
me? Dr Geo R. Bibb is ready to pay it.
He sold to Dr Grubbs, & Ben has the rent up to day of sale
& Grubbs from that time until the end of the year.
Your Creditors pay up very slowly, and I suggest
the propriety of legal proceedings against them.
I may have overlooked several things, but my
Condition I hope will excuse that I will hold
on to balance due you until I collect more
& make a larger deposit. The last time
I wrote you I advised you I had deposited \$100.
I have received no acknowledgement of it.
Mrs Norton sends her kindest regards to Mr Bibb.
Will you present her mine? - Mr Zall &
myself have commenced a regular tilt at
chess nightly -

Yours truly

John B. Bibb Esq.
Frankfort Ky,
Dear Sir,

The uncertainty in regard
to the mails accounts for my not having sooner
given an account of my agency.

Henry & Frank hired to Thos. J. Lyon for \$160. Frank
has been complaining of Rheumatism, and he thought
that it was necessary that he should be with his wife
to be well nursed.

Polk & Marion to John R. Morton for \$135⁰⁰ near
Shakertown. It cost \$31.⁵⁰ to get Marion out of the
Bowling Green Fair. Roberts refused to have anything
to do with him. If you will examine the stat-
ute of Ky you will see that you can only recover
from him one tenth of what you expended by
Charlotte & Child hired to D.W. Poor proprietor of "Forest House"
for \$50.

Sarah hired to Joshua Knowles for \$50. she has
just had a child & reduced her hire \$5⁰⁰ —

Sylvia will be confined in a very short time
again. She did not want to stay at Saffar-
rancs, and tried hard to get a home but could
not succeed — she ^{is} ~~now~~ ^{4 weeks} at Saffarran's. Her
child died about two weeks ago.

Phil met with an accident about 3 months
ago at a mill. He was carrying a bag

of flour from the mill house to the wagon
on a plank; it tilted and he fell to the ground
with the bag on him putting his hip out
of place; I think he is improving, and I
will be enabled to hire him out in a short
time -

Cornelia does not seem to improve any
she is living to herself, her husband with
her. She has agreed to pay \$25- for this
year. She has a falling of the womb, and
Asthma -

Nothing has been done with Louisa yet.
I found two persons who were willing to
take her, but she positively refused to go
with either, and they would not take her
unless she was willing to go. She is living
with Wesley. Martha & Wesley have separated.

Dr Bibb takes the house & lot adjoining it &
longs for his negro woman Harriet at \$30-
I believe I have now gotten through. I have
done the best I could, and hope it will
prove satisfactory. On the opposite page
you will find a statement of my account
to January 1st 1863 -

Mrs Frazer & Mrs Norton (Lucinda) send their kindest regards
to Mrs Bibb.

This am^s I will deposit in bank or send check as you may wish. I had paid Henry \$11 before he left Mr Green's, or I should not have given him anything. Phil left Mr Norton early in the year, followed in July left Mr Roberts, both robbing about town doing nothing. Sylva is still at Saffordano. Aunt Venus left there last year, & is now without a home & a beggar, annoying me every day. Frank held on his now with Mr Lyon. Charlotte has been working

about all the year. Sarah is still at ~~Mr. Knowles~~
I have heard nothing of Polk since he left -
Cornelia is now in Louisville with her husband -
If you wish those negroes who remained faithful
to have anything more let me know

I have notified as many of your debtors as I could see

that they must close up their indebtedness as soon as possible, or I should resort to legal process. A man who will not pay his debts now, I think never intended doing so - and I am for evermore - I have not settled with Martha (in regard to Louisa) nor do I think I will, her demands are so exorbitant that I shall refer her to you. Louisa is working around generally, making enough to support herself; after her refusal to go to the home I had provided for her, I have not felt the interest for her I formerly did. Aunt Venus & Sylvia are still at Mr Saffarians. Mr John Saffarians died about a week since. I hired Frank to T J Lyon again, and could only get \$60. Frank would live with no one else. Henry is hired to Mr Green for \$125 - he was like Frank. I hired Phil to John Rollator for \$75. I have not seen Mr Hutchins who hired Phil in Louisville - nor have we agreed as to what he was to pay, but not less than \$100 per month. Marion is hired to Osmond Robert, for \$100. Sarah is still at Mr Knowle's for \$60.

On the 1st day of September 1864 Polk left Wellington, and went to Bowlinggreen & joined the army. I did not hear of it till Christmas, a few days before he left he was to see me & got his ~~for~~ protesting his wish not to join the army but stated he was going to Mary & wanted the money to buy some clothes & he was persuaded off by some negroes in the neighborhood.

Charlotte has not a home yet, she says
she is trying - I have heard that she says
she is going to "set up" for herself, I have
intimated to her that she cannot do that,
as she is still looking for a home.

Cornelia is living with the man she lived
with last year, but he says she was sick
most of the year, & he does not know whether
she will be worth anything this year.

The negroes generally are of the opinion that
the hire for this year will be ordered by
the military authorities to be paid to them &
yours among the number. I had to pay

Frank & Henry \$5 each extra to induce them
to get homes for this year, and I intend trying
to save the amount out of the allowance
you may make them this year -

If I had troubled you by writing every time
your servants wanted me, you ^{or me} would have
had but little time for any thing else -

If you could buy me the 4th Volume of Metcalf's
Kentucky Reports of decisions of Court of Appeals
& send by mail or express, & the amount of
costs I will remit & be very much obliged -

I hope I have covered the ground. I intend to
urge the collection of your debts & put them
right through - How is Mr. Bibb? Will you
present my kindest regards - Mrs. Norton & John
I send love to your self & wife - Your truly T. A. Dager

John B. Bibb Esq.
Frankfort Ky

Dear Sir

I am glad to say that I have finished dividing the Ben Bibb land. Sometimes I was at fault and sometimes the negroes. It was hard for both to be ready to begin the work at the same time.

It was a more troublesome job than I had any idea of. I got the courses from Shettors deed in the office and they were so imperfect that after one day's hard labor I had to abandon the work. I did no good whatever. The negroes knew nothing about the lines or corners on the East part of the survey, and but little of those on the West side. I have no idea the land was ever surveyed — not even when it was entered — I found there was no chance to find the land but to get all the surveys around it, and to take what they left. This I did. I also went to the original surveys book. You may judge of the perplexity when I tell you that in the first line (the one between the Thompson and Shettors lands) the course called for, and the one acted upon between the two farms, missed the corner 33 poles and the line on the opposite side nearly as much. One of the lines on the west was 27 poles longer than called for, and the other 58. I think however that I got the out lines run out right at last, and there is a considerable gain in quantity, giving the negroes lands that they have no idea ~~that~~ belonged to them, and on the other taking lands that they thought belonged to them and giving it to the Tompkins place. After completing the out lines, the negroes have settled upon the

lived in such a way, and had made their farms so void of arrangement, that to make any thing like an equal division, giving to each his portion of the old fields and timber, and his improvement, was about as hard a problem as I ever had to work out. But I at last succeeded in doing it to the perfect satisfaction of all the parties. However I will say that I have made some slight changes in the platting since I made the survey, and this will account for the indefiniteness of some of the calls. Each now knows his land and all but two of the lines are plainly marked out, and I think the lots are as near equal in point of value as they could be made under the circumstances. I think however that Charlotte is the best lot, but her improvement and the natural boundary gave it to her. Matilda's appears to be large, but her being on the creek is very broken and much of it nearly worthless. Eliza has too much of the old field and a rather scarce of timber. Stephen is scarce of timber, but I ordered that Ephraim give him as much dead timber as he will split up into rails this winter. A great hail past over the land a year or so ago and ruined vast quantities of ^{the timber}. I once disposed of giving Dennis enough timber but after coming away I think I affected it.

I have spent 6 days at this work, and I must charge you \$25⁰⁰. I got Mr. Lyon to assist me two days in the division, ~~for~~ I thought it best that some whiteman near them should know the lines & corners, and to carry them in their proper places. His charges \$4.00. This may look large to you, but no one could afford to do it for less - I send the above receipted as you may need it for a Voucher. You can remit the money

as may best suit your convenience

Very truly yours

O. N. Lyne
J. B.

N.B Since writing the above I have thought it best to call your attention to the line as it runs through between the Tompkins & Shatto land. The old call is S 72° E but I make it only S 63° E. The S 72° E has been acted up to by both parties as the line between the fields, but if corrected so as to go to the corner (Hardys corner, & Hardys plot says Tompkins corner) it will take a large portion of the Shatto improvement. You will see the difference in the lines by reference to the plot. I have given the distances at the several points of division between these lines. If the Tompkins Negroes are plentiful of land would it not be well enough to let the line lie where both parties thought was. You can easily write the deeds so as to include up to this line by adding the $\frac{1}{4}$ and calling for the $70\frac{1}{4}$ in place of 63. I called for stakes on this line so that you might make this change if you should think proper to do so.

O. N. Lyne

* I ran this line S $70\frac{1}{4}$ E allowing $1\frac{1}{4}$ degrees variation and this course runs the old line between the two farms

Dyne - about
despots of land

Dear Sir,

I have deposited in the banking house of A. Long & Co., to your credit \$344³⁰ on the amount of your debt vs Jno Saffranus and G. D. Blaskey -

Dr J B Evans showed me an order some time since from you to give up a note on him - He is himself in a destitute condition & insolvent, and I wish to know whether you was advised that there was good security on it, and if you still wish it given up - His brother E K Evans is the debtor -

Yours truly

Dear Sir

Yours inclosing check
on NB Bank of Ky for \$29. is to hand. I am
obliged to you for the prompt favor.

You ask for information related to the children of
of Eliza. I saw Ephraim and he gave me the follow-
ing: Nelson Alexander (or Ellick he called him)
Ellick (a boy) and Susan were taken by the rebels
and Susan died in Clarksville (as you stated),
and the others have not been heard from, certainly,
^{The war} since. It has been rumored that Nelson is in
Virginia. Ann married David Smith, formerly
a servant of Alfred Smith, and lives on the place
allotted to her mother, and has her youngest sister
Eveline living with her. Nelson Becker the
husband of Eliza stays some with Ann, but he
is a carpenter and is mostly off at work.

This is all I have learned about them. However
if I hear anything more I will inform you.

Charlotte I suppose was dissatisfied mostly
because she supposed I intended to cut off
10 acres on the Feagins line for timber for Dennis
but this I did not do. She made no objections
in my presence to giving her the land between
the road and branch, but did object to the

other few alluded to. I suppose she wanted to
make out as bad a case to you as she could.
she has no right to complain. The land between
her and the road is hardly tillable and will
never be fenced in her time, if ever but it
would be well enough to leave her a land
as you proposed. I am sure no better division
could be made of the land than I have made.

I take Ephraim that the line was to run betw
the Tompkins place & the Shettler place as I ran
it first. It is blazed, and is just where it ought
to be, for there is no land evidence that Hardys
corner is Tompkins corner.

I will take a pleasure in giving you any other
information you may want relative to the negro
or indeed to do me any way in my power.

Very truly Yours

Dear Sir

After much delay and partly
from chills I have completed the division of the Temple
land. I am glad to say that I have rendered entire
satisfaction to all concerned but Catharine. She would
not attend herself but sent Mr. Bowdoinall to attend
to her interest. I took all possible pains to make an equal
division, and after we had finished, I asked Bowdoinall if he
thought I could have done any better, and ^{he} replied
that, under all the circumstances, he did not think I could.
However Catharine my best satisfied also I have not heard
from her. I changed changed Mr. Smith's work
much, and think it improved on it very much. By
reference to the plot you can understand how he
made the division. The lines across the plot in light
pencil marks shows his lines. You will see that Silas
had two pieces out on the East and one on the west that
was of but little value to her, and she was to have had
165 ^{acres} and locked some 30 of it. Rachael was to have had
150 acres and got but 105. Os was to have had the piece
between his and Rachael, so that his land would have

been divided by the almost impassable steeps of the Ellick. All south of pencil line was assigned to Catharine, and you will see from observation she had very near one half of the entire survey. This would also have been divided by the steeps of the creek. By giving Os. all on the East side of the creek, and by giving Catharine all her on the West side of the creek I think I have made a decided improvement.

Os has a little rich bottom that seems to have been quite tempting to Catharine, and a part on the East side of the creek next to Wilgus, is pretty good up land, but the most of Os' land is hollows and hill sides and in my opinion no more valuable than that assigned to Catharine. Os has a snug little improvement, about 20 acres under excellent fence, which he deemed and cleared up himself, and can see no cause in Catharine laying claim to it. The house is but a poor shanty.

Catharine has a good deal of old field, but not more than her proportion considering the quantity given her.

York was much delighted to become a freeholder. I laid him off 82 acres next to the wino land, and ^{to} struts as large as life. Some of his land is pretty good, and will timber, but more than half of it is old field. Most of the old field on the entire tract I think far from being exhausted

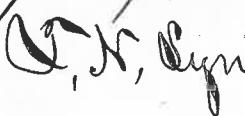

Bost B is left well to do. As before stated the negroes were very much pleased and said ^{it was} done exactly as it ought to be done. I spent 5 days hard labor at it first and last, and had Mr. Henry Parrish with me two days at \$2.00 per day. I charge \$5.00 per day for my services. I think \$25.00 will not be too much for me to charge when I consider that Mr. Smith charged the negroes \$20.00 his work. However if you think it too much, send me \$20.00 and I will be satisfied and 40⁰⁰ for Mr. Parrish.

You enquired most particularly about Edmund. I saw him myself, and talked with him. He says he has nearly lost the use of his right leg and arm. He was trying to patch his clothes, but his hand trembled so that he made but little speed. He was very glad that Master Jack remembered him. He was willing to do anything that Master wanted him to do, if it should be to go to Frankfort. Dennis thinks the most of his troubles come from drinkings before he came out here. He gets nothing to drink now.

Matilda complains that she is not able to support him, and he won't stay any where else, and she says she cannot drive him away.

Silas requested me to know of you how old she is. If I can do more to serve you it will afford me a pleasure to do so.

Very truly Yours &c

The negroes all want a separate plot of their land which I promised them. 

P.S. In looking over the plot I see that I forgot to say that I gave
Q^o a small bottoms on the west side of the creek. This was insisted
upon by Mr. Parish he said it was convenient to and would
be valuable to him and would not be of any use to Catherine.
This cannot be more than one or one and a half acres made
available. Q was anxious to have enough land laid off across
the creek from his improvement for him to set his fence, as his
field was low, and ~~and~~ the water would wash away his fence
and survey it for him and marked it out, but I concluded
after leaving Mr. Parish that I would only give him the little
bottoms, and let him make arrangements with Catherine for
ground for his fence. However if you are disposed to favor
Q's claim in the deed call for the following courses which
will not take any land valuable to Catherine. Instead
of continuing the course of N 18° E from the Ironwood and beach
on the cut-off of the branch, say from the Ironwood & beach ^{then}
No. 39 Rd 11 $\frac{1}{2}$ poles to Black oak & Hickory N 17° W 21 poles to a Black
oak then N 31° E 32 poles to whit oak and poplar then N 65° E 18
poles to a Beach, then N 9° E to the creek then down the same
with its various meanders to the beginning. This is meandering the
creek on ground high enough to save his fence from an overflow.
I do not regard this as a matter of much importance as it will
be difficult for him to keep water up on so large and swift a
~~stream~~ stream.

Dear Sir

On reflection after examining your abstract
with regard to the disabilities of partys to assert
their rights ^{after} the death of Judge Bibb

I come to the conclusion the 8 acres of
land might be recovered, it is undisputably a
compromising case so far as occupants are
concerned. My opinion is corroborated by
the best legal advice of this city

You will therefore send
me all the papers you can obtain relating
to the matter If I meet with nothing
more discouraging than at present
will be inclined to risk so much as
will be necessary to investigate it
Please send in writing such
history as you can in the premises

I have no news of interest to tell you. The Methodists have just closed an interesting meeting with twenty five conversions - among whom was Mr. Lyle, who, as you know, was considered a big sinner by the community.

Eliza is still in the country and comes in occasionally to visit Pittie.

I hear of no new arrangements being made for her, or any disposition on his part to send for her. I do not know whether he furnishes her with means or not.

We were disappointed by not seeing you last Fall. You must not do so again. Remember me to my relatives and old friends and with many good wishes for your health and comfort;

I remain - affectionately yours

Dear uncle pack:

The "Joy for the children" arrived this morning "right side up," and the old man does not seem to have suffered any inconvenience from his trip - for after straightening and warming by a good fire, he applied himself to his accustomed work with a hearty good humor, which excited our amusement and approbation in the highest degree! He came after breakfast and the four older boys had gone to College; and for fear that the two younger ones might see, before we understood how he performed, John slipped him under his hat and hurried to the kitchen, I following

and any one seeing us, might have
guessed that mischief was brewing! -

The cook, a true "African and
counter-part to Aunt Phoebe" of old,
had gone out after wood; on her
return, she found her domicile in-
vaded and ringing with our merry
laughs - whereupon she dropped her
wood, fixed her arms Kimbo and
taking in the "conjunction," exclaimed
"If I had a seed that thing, in here
by myself. You would not have got
any dinner out of me to-day!"

We are undecided, whether to exhibit
this evening or wait till Christmas -
John prophesies that I am too much
of a child myself to defer the
pleasure longer than our coming
together, this evening.

I thank you for the pleasure that
you have already afforded me, and
also thank you most heartily for

the pleasure that is in store
for them. It is very gratifying
to me and doubly so to them -
to know, that amid the numerous
cares and duties of every day life,
that they are so affectionately remem-
bered by their kind uncle in Frankfurt.
All the relations are well as usual
and all things move on in the same
quiet old way - The gentlemen to the
Farm, the ladies to the Sewing Machines
and the children to school - And tho'
the times are hard, and the gentle-
men knit their brows and stroke their
beards and wish "things would loosen"
- yet we have plenty to eat, clothes to
wear, good fires to warm us, and
health and strength to perform our
duties, live in peace with the world,
enjoy love and harmony at home,
and try not to repine for what we want,
but "thank Hims for what we've had & have".

Dear Uncle Jack;

Brother returned
last Friday and we all were de-
lighted to hear, through him, so
directly, of your good health and spirits.

We had already commenced
looking forward to your annual
visit with great pleasure and have
no idea of being disappointed -
so you must be sure to let us all
have a peep at you after Conference
is over and our little town returns
to its usual quietude.

The box containing our presents
came safely Saturday, and I was
surprised beyond expression by
so handsome and so unexpected a

present, and I know not how to thank you sufficiently, for making me the recipient of so valuable a token of your remembrance.

I thank you in the sincerity of my heart, and I assure you I shall prize them, very highly.

When I look upon the elegant knives and forks, the beautiful spoons and salt-cellars, they bring to my mind the hospitality, the kindness and the liberality of their former owners, and there arises within me an earnest desire to imitate their example, that I, too, in my day and generation may have the love and respect of all, who know me, as they now and ever shall know.

I expect brother told you all the news concerning your old friends, so there is nothing ^{left} of interest for me to write.

My mother and all the family are well and send their love.

Brother was delighted with his present too - and requests me to return his acknowledgments till he can do so him self.

Mr King and all the boys join in love to you. Remember me to all the relations, and again with many thanks for your kindness and many wishes for your continued good health and happiness -

Believe me to be

Your affectionate niece
Florence B. King.

Dear Sir

I received your letter yesterdays and in
which you say that you do not
understand the several payments
too which I have sold the Horse Shoe
Mr James Bevil have let me have
one mare at \$100 dollars he is to pay
~~\$250~~ \$250 in all and wants to pay 50
per year each pay went few the first
of April he thinks that he can pay
the inter debt this next April
if he has no bad luck but he wants
the three payments ^{as it} & should have
have born bad luck ^{for a year} he has let
me ~~have~~ the mare and have gone to
Werk on the land Mr Smith
misunder stood about the amount
that the mare cost in the Mr Bevil and they
charged me \$100 in the place of \$125
with leaves 150 and he wants three
payments each containing 50 now the
land is to stand as security
untill you will pay to make
the deed and draw off a note to
