ESTATE OF LUCIE NORTON LEONARD
THOMAS D. LEONARD JR., EXECUTOR

14 August '45

Dear Walter:

A line to tell you that the stone cutter's work on Ex Norton's grave has been completed. I have been out to the cemetery to supervise it and can report that it has been satisfactorily done. The foot stone is similar to the others and the inscription has been cut on the face of the monument as we decided at the time of the funeral.

Mr. Wood, the Superintendent has been lax in getting the ivy in, due he tells me to the shortage of help. However, I will let you know when it has been properly done. It was to have been done this Spring, it was too late last Fall to do any transplanting; I will keep after him to see that it is done, if I have to do it myself, before it is too late this year.

With best regards to you and Janie about whom I think often, Believe me,

Yours sincerely,

Thomas D. Leonard Jr.

for the Trustees

P.S. Enclosed is stone cutter's bill - it is in line, the same as for the work on Mother's grave.

August 20, 1945

Mr. Thomas D. Leonard, Jr.
155 West 56th Street,
New York 19, N. Y.

Dear Tom:

I received your letter of August 14th.,
and we are sending a check to K. Feist & Son today.
I showed your letter to Jane and she said thank
you again for all that you have done for us, which
I know has taken much valuable time and worry.

Jane and Janie bought a puppy Pekinese
and they are having a grand time with it. I am
enclosing a Brown-Forman annual report which has
some of your pictures in it I believe. There was
another Silver Jubilee Booklet which I have now
lost, which had more of your pictures. Perhaps you
have already received it.

With best regards, and again thanking you.

Very truly yours,

Dear Mr. Haldeman:

Trusts under will of Eckstein Norton
for Ex Norton

We acknowledge receipt of your letter of March 12th together with a letter dated March 10th signed by Mrs. Ex Norton, as beneficiary of the residuary trust under the will of Ex Norton, and by the executors of the Estate of Ex Norton, agreeing that the dividends on stocks held in the two trusts under the will of Eckstein Norton declared on or prior to his death but to holders of record after his death should be paid to the remaindermen of the two trusts. This direction is all we need.

The computations of commissions on income as shown by the schedules which we sent you are in accordance with the statutory law in this State. The difference between the rates in the two trusts is due to the difference in the values of the trusts.

Very truly yours

Assistant Vice President

Dear Mr. Henze:

In reply to your letter of February 27th, which enclosed schedules showing the income due the estate of Ex Norton, I am enclosing herewith a letter signed by Mrs. Ex Norton and concurred in by the Administrators of the estate of Ex Norton. Since Mrs. Norton wanted to turn all of this income over to the three daughters, we assume it was not necessary to have their signatures also. If you do not think this letter is sufficient to settle the disposition of this \$615.70, I would appreciate very much your drawing up an agreement which you think satisfactory and fair and I am sure that all concerned will agree to it readily.

There is one item on the schedule enclosed in your letter of February 27th. which I would like to bring to your attention. Account No. 359,289 shows commission to Trustees of \$355.84 estimated on total income of \$2,335.00 or almost 15%, whereas account No. 359,290 shows commission to Trustees of \$34.17 on total income of \$433.36, or about 8%. These may be correct, but to one that is not closely familiar with the situation, it looks a little bit out of line.

With best regards, I am,

Very truly yours,

Walter D. Henderson

Dear Mr. Haldeman:

U/w of Eckstein Norton

In compliance with your request of February 19th, we enclose herewith schedules showing the computation of the income accrued on the two trusts which is due the Estate of Ex Norton through the date of his death. The amount of commissions on income due the Estate of Ex Norton is included in the enclosed schedules. The amount of commissions on principal we compute on the 5th Paragraph - \$8.08 and on the 7th Paragraph - \$134.57. Please note, however, that under the present law we are not quite sure whether or not Ex Norton's Estate will receive any commissions on principal. The above figures, however, in our opinion, constitute the maximum that would be received if the Court allows such commissions.

You will note from the enclosed schedules that the dividends declared prior to Ex Norton's death but to holders of record after his death are set forth separately. Net amount of such dividends in trust on the 5th Paragraph amount to \$51.70 and on the 7th Paragraph they amount to \$564. Under the present law in New York, we do not know to whom such dividends belong. One of our Surrogate's holds that such dividends belong to the Estate of the deceased life tenant. The other Surrogate holds the opposite view. Since both of these decisions are lower court decisions, the proper disposition of such dividends is not definitely known. We suggest that the Estate of Ex Norton and his three children, the remaindermen of the two trusts, come to some agreement as to the disposition of these dividends and advise us accordingly.

Schedules indicate
Income to 10.27.1944 = \$3,239.⁷⁸

Assistant Vice President,

Dear Mr. Henze:

The Citizens Fidelity Bank & Trust Company of this City and I have finally qualified as administrators with the will ~~asset~~ of the Ex Norton Estate and a certificate of our qualification will be sent to you when you are ready for it. I understand that funds due this estate can not be paid until March 15th at the earliest.

However, the administrators will be required to file an inventory of the estate shortly and a Federal Income Tax return will also have to be made. In order to avoid a rush, could you, at your convenience, send either of us the following:

- (1) Estimate of the income to be received by the Ex Norton Estate up to October 27, 1944 from the general and special trusts under the ~~Est~~ in Norton will.
- (2) An estimate of the fee to be received by the Ex Norton Estate due to his having acted as co-trustee of the above mentioned two trusts.
- (3) Report for Federal Income Tax purposes of income paid to Ex Norton during 1944.

Mr. Henry B. Henze

The Citizens Fidelity knows that I am writing you this letter and I do not believe any duplication will result, but in case you have sent any of the above information to them there is, of course, no need of repeating it to me.

With best regards, I remain,

Very truly yours,

Dear Mr. Lee:

I received your letter of April 25th and have talked to the Citizens Fidelity Bank & Trust Co. regarding an accounting of the Executorship account of the Eckstein Norton Estate, which must show the income accrued through the date of death of Ex Norton.

As you well know, this Executorship account is a very complicated affair. It holds real estate and some securities, which as I understand it are considered indivisible, and which all the heirs of Eckstein Norton own in as yet undivided shares or fractions. Mr. Ex Norton owned a certain share outright or in fee, while another share was owned by his general trust under the Will of his father.

60
525 in Trust
75
525 in Fee

I have talked with Mr. Kampfueller at the Citizens Fidelity and I understand that he is making up a statement showing the ^{ENTIRE} accrued income up until October 27, 1944, which he will mail you. The general trust under the Will of Eckstein Norton will have a fractional undivided interest in the accrued income until that date, and Mr. Kampfueller will also show what this undivided fractional ownership amounts to.

I feel sure that you will obtain shortly, the

Dear Mr. Haldeman:

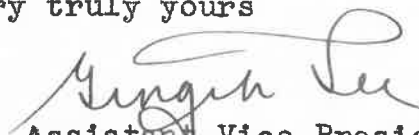

R.E. account

U/w of Eckstein Norton

In connection with the settlement of the two trusts for Ex Norton, it is also necessary to present in Court the accounting of the executors. In the accounting of the executors, we must show the income accrued on various securities through the date of the death of Ex Norton in the same manner as for the Federal estate tax. In the accounting, however, it is used for the proper computation of the distribution of income on hand. To that end, we wrote to the Citizens Fidelity Bank and Trust Company, attention of Mr. John V. Collis, on December 8th, asking for this information. As yet, we have not been furnished with this information although we have written for it a number of times. We wonder whether you would be kind enough to visit the Trust Company and talk with whoever may be in charge of this work to the end that the information may be furnished us as soon as possible. Please also ask them to send us a supplemental cash statement from March 15, 1945 and a schedule of property held in the estate on the date to which they will send us the cash statement.

Please accept our thanks in advance for your assistance in this matter.

Very truly yours

Dear Sir:

The writer qualified in your court in February 1944 as one of the Administrators of the Ex Norton estate, the other Administrator being the Citizens Fidelity Bank & Trust Company of Louisville, Kentucky.

At that time you thought that the writer should post a bond and this was done, costing the estate \$60.00 for one year.

A second bill of \$40.00 for the second year has now been rendered, and I felt that it was incumbent on me to write you since the estate at present consists of 276 acres in Texas, about \$1,000.00 in cash, and the Citizens Fidelity of course handled all of this.

It seems very futile to me to pay this heavy bond which will exhaust all the cash in time. An officer at the Trust Company has suggested that I resign, but the Will in the seventh paragraph states;

"7. In case of the death, resignation or disability of any of my Executors or Trustees, I authorize the survivor or the survivors, their, its, his or her successor or successors from time to time, by declaration in writing, duly executed under seal and acknowledged, to fill any vacancies so arising, so that there shall at all times be two Trustees of the Trust created, and declared hereby; and I confer upon said Executor or Executors, Trustee or Trustees so appointed, their survivor or survivors, successor or successors, all and singular of the powers especially conferred hereby upon the Executors and Trustees herein named."

Page 2

Furthermore, in the fifth paragraph of the Will, are these two sentences;

"And I further direct that no one of my Executors or Trustees shall be required to give any bond for the faithful performance of their duties in any State wherein my Will may be proved. From any obligation to give such bond I distinctly exempt my Executors and Trustees, their successor or successors."

Since we were not successors but instead substitutes, you felt that I should post a bond, but now that the estate is practically settled and the Trusteeship begins to run, it appears to me that circumstances have changed and there ought to be some way of avoiding this heavy yearly charge of the Bonding Company.

Very truly yours

Mesdames:

Recently, the Citizens Fidelity Bank and Trust Company, Louisville, Kentucky, reported to us an offer of \$11,000 could probably be obtained for the 1050 acres of land near Madisonville, Kentucky, belonging to the estate of your late grandfather, Eckstein Horton. In writing to us they made the statement it was not expected as high a sum as this could be realized when selling and expressed the viewpoint they thought this figure was an attractive one.

It would appear that acreage in the district in which this property is located contains certain coal deposits, and the Citizens Fidelity Bank and Trust Company have told us a report submitted to them of rather recent coal mining activity indicates the quantity of coal discovered in the area was about one-third of that anticipated. From their comments we deduce the probability is the mining of coal in the district cannot be considered very profitable.

In view of the fact the Trust under will of Eckstein Horton has terminated, it is the viewpoint of the Citizens Fidelity Bank and Trust Company, as well as ourselves, that if a sale is to be made at \$11,000. the approval of the parties to whom this letter is addressed should be obtained. Both fiduciaries believe serious consideration should be given to selling at the sum mentioned. If you favor the sale, will you please so indicate by signing and returning the accompanying copy of this letter.

Very truly yours

Re: Estate of Eckstein Norton,
deceased

Dear Mr. Daugherty:

Attorneys in Texas have now approved the Articles of Incorporation for the Kentex Mineral Company which we propose to file in Kentucky to take over and manage the Eckstein Norton Estate real estate and mineral properties in Kentucky and Texas. As soon as the company has been incorporated in Kentucky and the necessary papers signed by all the beneficiaries and their representatives, certified copies of these Articles will be filed in Texas, which will then permit the company to operate in that state as a foreign corporation.

Attached hereto you will find three copies of the Articles of Incorporation to be signed by the three designated incorporators and in addition a number of copies of an agreement I have prepared for signature of all beneficiaries approving the formation of the Corporation and the transfer of the properties to the new entity. These papers will be followed shortly by Kentucky and Texas deeds for the properties in question.

You will note that I have included myself as one of the incorporators with Dorsey W. Brown and Walter N. Haldeman each subscribing for 20 shares. My thought here is that these shares will represent the respective interests of Mrs. Longstreth, Mrs. Brown and Mrs. Haldeman and that they will subsequently be transferred to the United States Trust Company as Trustee under the agreements of May 29, 1934. At the same time qualifying shares can be issued out of other holdings in the name of the three directors who are to initially manage the affairs of the company. The decision as to who these directors are to be is, of course, a question to be decided by the stockholders themselves. For practical purposes, however, I would suggest that at least two directors be local parties.

82453

If the above meets with your approval, we should have all the Kentucky beneficiaries sign these papers at once. I can then send the Articles of Incorporation on to Frankfort, the Agreement to be held until the two deeds have been completed, when both agreement and deeds can then be sent on to the out of state parties.

Yours very truly
