Dear Miss Ingram:

Nov 18-21

Last week the Kentucky Conference of Social Welfare met in Lexington Wednesday through Saturday noon. Miss Neville presented a resolution to the round table on Wartime Recreation which they adopted unanimously, passed on to the Resolutions Committee which in turn passed it on to the business session of the Conference where it was adopted---- A resolution to the effect that appreciation and recognition be given to Miss Ingram for her efforts toward legislation for municipal recreation programs and for her work in wartime recreation during the last war. You will receive official word of this from Mr. Cook, the Conference Secretary, if you have not already done so, but I think his busy schedule as teacher at the University, Secretary of the Conference, President of the A. A. S. W., and father of a baby less than two weeks old, may have delayed his word to you.

Miss Neville, Dr. Best and others inquired about you and asked that I send you their best greetings. Dr. Best seemed to be his usual self and Miss Neville much more active than the last time I had seen her.

The Conference was a little low on attendance but quite good on the whole. Lexington could not provide its usual facilities because one of the hotels has been entirely taken over by the Army Signal Corps. What with gasoline rationing it is quite probable that no general State Conference will be held again for the duration.

Mr. Tachau, Mrs. Barret and the Brighams appeared before the Budget Reviewing Committee Monday, November 16. As usual it was a nice social occasion, and I think in view of our modest request including increases only for wages and replacements for W. P. A. workers that we will not be cut very much. We are working through plans with one of the committees of the Council of Social Agencies in the hope that we can be one of the locations chosen for day care of children. Doubtless you have seen the Federation's report on the situation many of the settlements find themselves in in this respect. Miss Austin's letter received just this week "to the Board of Trustees and other friends," says "Gads Hill is literally left holding the baby." Fresh Air Home hearing is Monday next.

Our Honor Roll with a nice decoration drawn by George Joseph has some fifty-five names with ten or fifteen to be added since it was drawn up in mid-November. The scarcity of older boys is appalling, but Mr. Mulligan, the boys' worker, assisted by a student, is doing a grand job with the younger boys.

The staff join me in sending their best greetings.

Sincerely yours,

Harold L. Brigham, Head Resident.

Miss Frances Ingram

Dear Miss Ingram:

It gives me a great deal of pleasure to write to you telling of the action the Kentucky Conference of Social Welfare took at its annual meeting in Lexington this year. The Conference unanimously adopted the following resolution which I pass on to you verbatim:

Be it Resolved that the Kentucky Conference of Social Welfare send its greetings to Miss Frances Ingram in recognition of the great work she carried on in Kentucky during many years, especially in recognition of her successful work for a state law authorizing communities to tax themselves for public recreation and also in recognition of the wartime recreation she helped provide in Louisville during the First World War.

During the three and a half years I have been in Louisville I have heard many persons speak of you and I am terribly sorry that we have never had the opportunity of meeting. I do hope that if you do return to Louisville that I will have the opportunity of seeing you.

Sincerely yours

E. E. JACOBSON

Each year for forty years, interested persons in the State of Kentucky have met to discuss together the welfare and needs of others. Out of these needs has arisen the organization that we know today as the Kentucky Welfare Association.

Today as forty years ago the Kentucky Welfare Association believes in the meaning of the term "human family" and the concept that the needs of one human being is a concern of all.

The forty-first annual Conference of the Kentucky Welfare Association will be held in Louisville this year on November 18th, 19th, and 20th.

I sincerely believe that your attendance at this year's Conference will not only indicate your interest in the welfare activities in our state but will also enrich your own experiences as a member and citizen supporter of welfare in the State of Kentucky.

Sincerely,

E. E. JACOBSON.

MISS ALICE OVERTON

Miss Overton is the co-ordinator of an experimental project sponsored by the New York City Youth Board and the Department of Welfare, New York, N. Y. Her paper, "Serving Families Who 'Don't Want Help'", was presented at the National Conference of Social Work, Cleveland, Ohio, June, 1953.

Recognition of Cultural Differences Normal Personality in These Times

DR. OTTO POLLAK

In his morning institute on Wednesday, Dr. Pollak will discuss the relationship between industrial civilization and the basic personality type found in the United States; various cultural characteristics. The psychological impact of modern technology, the market system, social mobility, and mass civilization will be contrasted with the social worker's concern about individualized helping, freedom from the discomforts associated with competitiveness, compulsivity and exaggerated conformity strivings.

Suggestions will be made for improvement of public relations between proponents of welfare on the one hand and donors and taxpayers on the other.

In the afternoon, specific cultures will be described and the importance of their understanding shown for diagnosis, formulation of a helping plan and the setting of a helping goal; impact of various culture patterns upon family relationships and family arrangements will be emphasized from point of view of social case work, child placement and arrangements for the aged.

In each session a period will be reserved for questions from the floor and for discussion.

Dr. Pollak, Associate Professor of Sociology, University of Pennsylvania, received a two-year certificate in social work, Bryn Mawr College, Ph.D. in Sociology University of Pennsylvania. Since 1949 he has been social science consultant to the Jewish Board of Guardians. In 1948 he conducted a study for the Community Service Society of New York.

His major publications are: *Social Adjustment in Old Age*, *The Criminality of Women*, and *Social Science and Psychotherapy for Children*. The latter study was sponsored jointly by Russell Sage Foundation and the Jewish Board of Guardians.

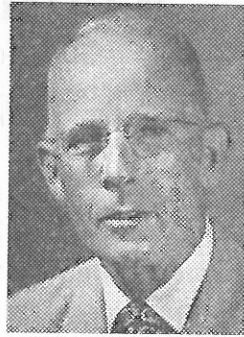

DR. EDWARD COLEMAN FRANK

In this Institute the concept of differentiation between the average personality and the normal personality will be made. Dr. Frank feels the goal of normalcy could not be so hypothetical if there were general understanding of the growth of the normal personality.

He will include in his discussion psychoanalytical concepts relating to the normal growth of personality. To help workers with realistic problems in their dealings with the public, the place of self-analysis will be considered. The discussion will conclude with an outline of the components necessary in the normal personality.

Dr. Frank received his M.D. from Wayne University College of Medicine; Diplomate: American Board of Psychiatry and Neurology in Psychiatry. From 1949-1951 he was the Psychiatrist-in-Charge at the Rotman Research Laboratory Municipal Courts of Chicago and the Medical Director of Portal House Outpatient Clinic in Chicago. At present he is Associate Professor: Department of Psychiatry, University of North Carolina Medical School.

Sound Probation and Parole Techniques and Practices

MR. L. WALLACE HOFFMAN

Mr. Hoffman will cover the special aspects of probation and parole as they relate to adults, and also will give some of the following aspects in the treatment of children.

Philosophy and operation of the Juvenile Court — Is there a conflict between the Court and community, police, legal profession, schools?

Court-School relationships — How close working relations can be developed between court and school personnel — the probation and parole officer's responsibility to the school.

Use of Foster Home placement for delinquent children—When is it successful? How does it differ from supervising dependent and neglected children.

Institutional placements — the private training school—use of the non-correctional school for delinquents—the State Industrial or Vocational school.

Techniques and practices—casework considerations in specific types of cases—the truant, stealing, sex offenders, vandals, traffic violators.

He has been a member of faculty of Graduate School of Social Work, University of Michigan, and field work Supervisor for both University of Michigan and Ohio State University. He conducted the survey of Circuit Court of Ann Arbor, Michigan, preparatory to development of casework and marriage counseling services, under auspices of the Foster Foundation. His early experience included Chief Probation Officer, U.S. District Court, Detroit.

He was Child Welfare Consultant to Chinese Ministry of Social Affairs, Shanghai and Changsha, China, 1946-47. At present, he is Director of the Family Court Center, Toledo, Ohio, which includes: Court of Domestic Relations (Divorce Court), Juvenile Court, Probation Department, Marriage Counseling and Divorce Investigation Service, Child Study Institute (an in-patient study and treatment center and detention service combined).

Welfare Unit Re-elects 2 Top Aides, E. E. Jacobson and H. V. Williams

Recreation Plan Urged for All

The Kentucky Welfare Association yesterday re-elected its two top officers and heard a speaker urge recreational programs for "all the people, young and old."

Re-elected president was E. E. Jacobson, Lexington, president of the Lexington Water Company. Howell V. Williams, dean of the Kent School of Social Work at the University of Louisville, was re-elected first vice-president.

Harold E. Wetzel, director of the department of social work at the University of Kentucky, was chosen second vice-president.

An Army official told the group that too much emphasis is being put on recreational programs as an antidote for juvenile delinquency.

Recreation programs must be developed for adults, too, said Ott Romney, Washington, an official in the Community Services Branch of the Department of the Army.

"It stands to reason," Romney said, "that if we fill people's lives with decent recreation it will leave no room for the tawdry, cheap, detrimental, and vicious features of American life."

The welfare association, meeting at the Seelbach Hotel, will close its annual convention tonight with a banquet.

Board members at large chosen by the association yesterday were Miss Martha Davis, Mrs. Richard Smith, and Mrs. Howard Hopkirk, all of Louisville, and Miss Margery Wilson, Frankfort.
