Dear Sir

We were in hopes that Mr. Taylor would want some other kind of Scale in exchange for the one of his old hay Scale.

Our man who built the Scale (now on) thought we might allow $25.00 for the old Scale. It could then be completely overhauled before selling again. The freight & express filling up & then a man to rebuild it, would make a large bill of Expense. He thought Mr. Taylor might be willing to take that portable Scale, if it should be carefully boxed up for shipping, so that none of the parts be lost or broken. If Mr. T. does not want any other Scale now, we could place it to his Credit, or you can make the best terms you can with him as indicated above.

The fact is we are heavily loaded with whisky and our sales this fall have not been as heavy as we hoped,

There has been little lots of 1 yr old Dew Mash whisky forced on our Market here at 130 to 140 so that we have had slow sale for your whisky as we are unwilling to sell the yr old at less than 200 which we can sell some

Yrs 24th inst to hand and note what you say: I could not have made a mistake for at the time the samples were labled & marked the cost on each sample and afterwards opened in Louisville & also to Barnes & Wood yr yearling ask $1 45 and Barnes & Wood afterwards wrote you what was the lowest price you would take. But just before my last trip to Maysville you agreed that I had probably best sell yr yearling to first class dealers in small lots ask $1 60 although you were selling it at $1 70 in fifty bbl lots. Now I really think it more yr fault than mine but as I am satisfied there is some misunderstanding if you will allow me five per cent on the gross amt of eleven bbls @ $1 60 pr gal it will be satisfactory

The Filson Historical Society

for while yr goods are full value for all you get for them still I think I should have some compensation for my time and expense in advertising and introducing them and I am sure if you put yr self in my place to look at the matter you will think so too.

I intend to use my best endeavors to sell yr product and carry samples of no other Whiskey and make myself a success as a salesman of first class goods in Liquors and I hope and believe you will favor me all you can.

I leave today for Louisville and will be obliged if you address me 140 Bulk Walnut St. Louisville and give me lowest prices for one - two & three year old O.F.C. for I have all the samples with me but every one thinks three year old taxed claret and see if the prices can be reduced by Mr Cockerill

Yours of 26th rec'd. and we have also letter from Mr. Wilson saying that Louisville parties are paying 60¢ for corn, or rather that local agents are buying for Louisville parties at that price — He thinks he will get in 10.000 bushels — possibly 15.000 in addition to the 15.000 sold at Madison — Our price is 65¢ per Bushel where it is — but we would not sell except subject to Mr. W's approval, he being interested in it, If you want 5.000 to 15.000 at that price you may write us and we will reply as soon as we can communicate with him.

Dear Sir.

We have your favor of the 8th inst and are much obliged for the information it conveys. We are always glad to be advised of what is coming to this market, and as to what it is, what they are.

Our market has advanced fast with trading the past ninety days. Since Nov. 25th we have had almost continuous rains, which renders the interior roads impassible and limits the receipts to Towns on the line of the Railway.

It has been uphill work to make sales, during the entire winter. With good results from the last crop & favorable prospects for this season the outlook is encouraging.

Dear Sir:-

At the instance of Mess Newcomb Buchanan & Co of our City we mail to you a Sample of California Bar. Malt.

Having secured arrangements to have such Malt delivered here, after April 1st we can offer it to you delivered to Depot here in 50 Bag Lots @ 2.05 per Bushel, or by Car Lot @ 2.00 per Bus the same deliverable say from 10th to the 25th of April. As this Malt is far superior to any thing in our section, we think it would justify you in giving it a trial. Our facilities to handle the Malt also enables us to offer it 10% below what it is bringing in Chicago and 25% below any offers made from Cincinnati or here.

If you want any of this Malt you will have to give us your orders within say one week from this date, so we can secure it before an advance in price, which will inevitably come owing to the increased demand of California Malt.

Your early reply will much oblige

My dear Cousin Laura:

I am just in receipt of a letter & newspaper slips from Albert Baum at San Francisco, giving me the terrible news from Shasta, and in this you accept and greatest affection my whole heart goes out to you in truest affection and sympathy.

I had at one time hoped to make Willie a short visit this Spring, and among the many pleasures anticipated was that of again seeing dear Rector, for whom I have always had an unusual affection. He was one of the most worthy, honorable characters I have ever known and gave his Excellent character

Yours of the 28th ult. 30. id and telegram of the 3d rec'd. In reply allow us to say that we did not expect to be drawn on at less time than 4 mos or 90 days at the least. Approached as we were by Mr Richd Watson we thought we could handle some of your whisky to advantage.
Mr Watson represented to us that he could dispose of the liquor on commission but having no license would sell it under ours - or to divide commission or other profits. So far he has failed to sell for or draw

think he will. We therefore hold the 5 bills subject to your order or will give you our paper at 4 mos

Yours very truly

We have to day remitted our N.Y. House for your account $600 Cash, being in account of sale, ex "Emerald", maturing 60 days Exc $3.25 ———

We are sorry we must continue our advices of a dull market — Rarely has our market ruled so dull for such a period — The demand is chiefly for whiskies worth, say, $1.25 to $1.50 — $1.25 to $1.35 going more readily than the $1.00 goods —

We have your favor of the 21st inst, and note what you say about the probable enquiry for your "Sacramento" whiskey & that you want us to ask $3.50 for them.

The parties have not enquired yet,
