Dear Brother I Received your Favours dated 15th of January; a few

Days past which believe me I was happy to hear from
and family for you was scarce ever out of my mind the
and the difficulties I Expected you would have to Encoun-
you Got home which I thank God you found all Reason-
praised be his mercies my family is in rather better health than
have been this winter; Now Brother another melancholy Cir-
cumstance to inform you the death of our Respected Brother Spider
who departed on the 27th of March; perhaps you would of felt your
self happy in one instance if you could of spent a few days with
him before his departure; James Phope his mind was renewed I had
meetings here which pleased him much and singing and prayer was
his delight to the day of his death; his aversion to wickedness; and
his conversation to the day of his death would caused Tears to of
trickled down your Checks; to see his patience under his severe
affliction in one sence; in the next to hear his loveing conversation
and good advice likewise praying to go but willing to wait the
Almighty's time; - as to his affects he has made a will of all
his property except his land which he could not do he knew; and a
portion of moveables is his part of Jess & Bristo and ten pair
Cash; he has left all Betays; stucca; & molby; Chriltre
a certain sum of Cash; some more and sum less besides the
portion of land that will fall to them; and has left me
Executor, now as quick as you possibly can write and give
instructions what you would wish done; but I shall look for
you in again this fall so you must make out some trade
to bring in with you for a convenience

as to my Fathers affairs I can inform you but little comfort in regard to collection my being so long confin'd with spicer have never been able to see to much business; but can affirm to you that I have receiv'd but 20 dollars cash; and as for General

I much fear of ever getting one farthing from, tho he pass'd

this County in Spicers last moments as it were, but did not know it at that time but soon pursued by line but got very little satisfaction; and I believe but bad success below in collection; as to Uncle Joseph Willsons affairs and mine it is little worth your while; and I hope tho I believe it has been his study and his virtuous Companion to degrade & reflect upon you by stigmatizing on me; ~~as to~~ regard them; James I shall ever while existence stand in your shoes in a Just cause before God and man hear; and I would not wish you to do more their for me tho they that ought to be the nearest & dearest of friends for a guide to us, appears to be aiming for the strictest of foes; so as to the dub in the third article you mention to me in your letter; you are the one to prove it by; did you offer to lay of his land in october or offer to do so; ^{before} for the bond given to lay of the land or offer to do so was what was required by the the bond; and from what you told me you offer'd and he put of the time and said it was time enough he was not in a hurry and when you was sick a trying every sneaking advantage to sell my bond; as for what he says about Stavers no sutch thing for Fawcett always swore to me he would not give as much as I did for the land and all the people on it; was to his intrust he knew better for I have his own statement before me from under Uncle John Willson hand this moment which is dated in 1791, which I believe to be correct and he knew it a great to contract. their he demands 24. 17. 7/4 which I over paid and gave the ballance as legasies to his children but it was treated with contempt; blese the people I wish they would
