

<b>Newspapers on Microfilm at the Filson Library (arranged by location)</b>		
*The following is an inventory of newspapers available on microfilm in the Filson library. This is not a complete list of all the newspapers at the Filson--original copies of many newspapers are also available in our Special Collections department. Please note that multiple newspapers may be on a single reel of microfilm. In addition, date ranges do not necessarily mean that we have every issue of the newspaper for those years (i.e. some issues may be missing).
