Dear Mrs. Moss:
Could you tell me if there is a book on the PAISLEY family which I could see or buy? I come from Williamsburg, Ky. I was born in Ireland in 1706.

I do wish I had some good, solid information on the Paisley family. I have checked our correspondence files and our Card Catalogue Index and find no mention of this unusual surname.

The 1800 Kentucky Tax List contains these names: Thomas Pasley in Bourbon County; Henry and James Pasly in Madison County. It is quite possible that the county tax enumerator had no idea of the correct spelling of the name.

If you could give us some idea as to the date when your family came to Kentucky and the location in which they settled, perhaps I could find one or two items about them. Of course, our staff is small and we are not in a position to undertake detailed genealogical research, we are most willing to answer two or three specific questions if the information is readily found. I do wish it were possible for you to come to the Filson Club and have a look through census records and any other source material which might help you with your investigation. Let me know if I can be of further assistance to you.

Sincerely,

(Mrs.) Dorothy Thomas Cullen
